

Innovation Arts Connection Dance Costume Policies

By registering for an IAC class, you adhere to our dance costume policies listed below.

1. Included in the cost of your park studio class tuition is a nonrefundable costume fee.
2. Dance costumes are supposed to fit snug like a bathing suit. Costumes are sized and ordered so they fit appropriately on recital day.
3. It's at the Instructor & Artistic Director's discretion if a costume fits a dancer appropriately.
4. Guardian will assist in picking the costume size during costume measuring week: January 27th to 31st.
 - a. If your child misses class the week of January 27-31, please come to the next class with your dancer to be measured at the end of class.
 - b. If a guardian doesn't come to class during measuring week or the following week, the guardian turns over sizing choices to the instructor.
5. When the costume arrives, your instructor will approve the fit of the costume.
6. Costumes will NOT be returned or exchanged unless the costume is damaged or defective upon arrival. If the costume is inappropriately sized (will not pull up or shows private areas like backside or chest), we will attempt to exchange the costume. If the instructor approves the fit of the costume, but you would like a different size, you can pay for a 2nd costume if one can be shipped prior to the recital date. Lora Vodicka must be notified within 3 days of your dancer receiving their costume if you would like to discuss ordering a different size.
7. If a costume is damaged or lost while in the care of the dancer/guardian, you will be responsible for ordering and paying for a new costume.
8. Costumes are not custom made and may need alterations. Alterations are the responsibility of the guardian.

If you have any questions regarding our costume policies, please reach out to Ms. Lora, Instructor & Artistic Director, at lora@innovationartsconnection.com.
